ROBT. McCUE, Proprietor.

Ed Taylor of Vernon, Ont., accepted a position as teacher at the Arthurvale school east of Bowden the past week.

Miss Grant of the Morning Albertan was a pleasant caller this week. She reports good success with the Albertan.

Mrs A R Wales and two little boys, Arthur and Emory, of Wimborne, are visiting with friends in Bowden and vicinity.

Farmers having Hay, Grain or Cattle for sale call and see W C Ramsey, Deering Agent. A full stock of Sleighs on hand.

The Loyal Temperance Legion are preparing for an entertainment, to be given in the near future. Date will be given later.

M Brakenridge, of Westwood, and N Brakenridge, of Peterborough were visiting the boys of the Bowden Mercantile Co. this week.

Mrs Simpson and children of Clareholm arrived the first of the week for a short visit with Station Agent Simpson, who is relieving Mr Keene.

Some of the beautiful snow fell Saturday and a little more followed it up yesterday, but the old timers say that it will not last long. Let us soap so.

Henry Whitlock, of Estevan, Sask., who has not seen his brother for thirty years arrived the first of the week and made G Whitlock a pleasant visit.

Mr and Mrs Center of Innisfail were in Bowden fair day. Mr Center acted as one of the fair judges. While here they were the guests of E A Shenfield.

Claude Powell, Miss Jennie and Laura Powell and Mrs W M Sturges of White Creek were at the Bowden Fair and made a short visit at their uncle's H F Powell.

Friday, Oct. 29th, the Summit School District will give their entertainment at the Summit school house, and all should arrange to attend. A fine time can be depended upon.

Harvest Thanksgiving Service in the Bowden Methodist Church, Oct. 24th, at 3 p.m. Subject—"The undwelling God," Eph. 3ch. 20-21v. Special singing. The church will be suitably decorated.

Wm Schroeder, who has a fine farm about nine miles northwest of town reports 1900 bushels of oats from 38 acres; 630 bushels of barley from 28 acres; 150 bushels of wheat from 6 acres. How is that?

Mittlestead & Teeling have started well for the Buffalo Creek School, but the boys struck quick sand and while waiting they took a trip to the country east of the Big Red Deer looking after their homesteads. Hope they will give us an account of their trip.

After reading the News each week what do you do with it? Don't blush; but what we were going to say was, that you should send it back home and let the folks know what we are doing in this golden west. We are sending out 1500 copies—let us send the 1500 back to our homes and help advertise the best spot in the world. Try it and see if the home folks will not appreciate it.

According to previous announcements the Supper and Concert in connection with the Methodist Harvest Home Festival will be held on Tuesday, Oct. 26th, as follows:—A splendid Supper in McCue's Hall, tables ready 6 p.m. prompt. A first class Concert in the Methodist Church commencing at 8 p.m. The concert will comprise Orchestral, Pianoforte and Vocal Music, Readings, Recitations, etc. Admission to supper and concert 35c.; to concert only 25c. each. The above is being given under the auspices of the Ladies' Aid.

GANANOQUE MAN OUT OF TROUBLE

HAD RHEUMATISM, BUT DODD'S KIDNEY PILLS CURED IT.

Hugh Abernethy on His Feet Again—Cure is Easy, Simple, Natural and Permanent.

Gananoque, Ont. (Special).—That Rheumatism can be cured surely, simply and permanently is the good news that Hugh Abernethy, a well-known resident of King Street, is spreading among his neighbors.

"I had suffered from Rheumatism and stiffness of the joints," Mr. Abernethy states: "My muscles would cramp. I could not sleep, and I had terrible headaches. I took many different medicines but nothing did me any good till I tried Dodd's Kidney Pills. Six boxes put me on my feet again."

Others who have taken Mr. Abernethy's advice and used Dodd's Kidney Pills are also loud in their praises of the old reliable Canadian Kidney remedy. For Dodd's Kidney Pills cure Rheumatism and other blood diseases by curing the Kidneys. Sound Kidneys keep the blood free from impurities. And with no impurities, such as uric acid in the blood, you cannot have such painful and dangerous diseases as Pain in the Back, Rheumatism, Lumbago, Neuralgia, and Heart Disease.

Keep your Kidneys strong and well with Dodd's Kidney Pills and you can face the cold, wet days of fall without fear of Rheumatism.

Mrs. Smarty—"Didn't the ladies who called leave cards?"
Jane—"They wanted to, ma'am, but I told them you had plenty of your own, and better ones, too."

Deafness Cannot Be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the membranes of the ear tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed for ever. Diseases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free.
P. J. CHENEY & CO., Toledo, O.

Sold by Druggists. 75c.
Take Hall's Family Pill for constipation.

In one of our city churches recently there was a difficulty amongst the singers and it being rumored as a settled fact that the choir would not sing a note the next Sabbath, the minister commenced the service in the morning by giving out that hymn of Watts, "Come ye who love the Lord." After reading it through, he looked up very emphatically to the choir and said, "You will begin to sing at the second verse—Let those refuse to sing who never knew our God." They sang.

Mr. Scrapper—We're going to have another stormy day!

Mr. Scrapper—How do you know?

Mr. Scrapper—This newspaper says so.

Mrs. Scrapper—So our domestic affairs are getting into the newspapers, are they?

A 50-cent bottle of

Scott's Emulsion

given in half-teaspoon doses four times a day, mixed in its bottle, will last a year-old baby nearly a month, and four bottles over three months, and will make the baby strong and well and will lay the foundation for a healthy, robust boy or girl.

THE PENGUIN.

His Sollemn, Laborious Hop and His Stone-Lined Nest.

The penguin does not fly—he hops, balancing himself by his slippers or rudimentary wings. He is about two feet tall, in some cases, however, reaching nearly four feet, and he has a solemn and heavy style of hop which is immensely funny to look at. It is not a bit of fun for the penguin, though, for when the ice is rough, as it almost always is, his webbed, clumsy feet soon become raw and bleeding. Whenever he reaches a snow slope he drops down and toboggans, urging himself on with his slippers, but for the most part he hops laboriously mile after mile when the nesting season comes, seeking a home that satisfies penguin requirements.

A penguin is made of sterner stuff than to need soft lining for a nest. A heap of irregular stones around a depression scratched in the ground is all that each pair asks for. Some penguins are industrious and collect stones all day. Others are lazy and steal theirs whenever a worker's broad black back is turned. It is a trifling hard to escape with the plunder, for a slow waddle is the best the thief can do. But the owner cannot pursue any faster, and the chase is very funny to see. Sometimes the thief is overtaken, and in that case there is a lively fight, while a third penguin, lingering near, usually bears away the coveted stone while the fight is on. Forward.

Advice From a Mother To All Other Mothers

The young mother—the inexperienced mother—is always glad to get the advice of the more experienced in the care of her little one. Thousands of mothers have emphatically said that there is no medicine equal to Baby's Own Tablets for keeping little ones well, or restoring health if illness comes suddenly. The young mother can safely follow the lead of these others. Mrs. John Shortill, Georgetown, Ont., says:—"I would not be a day without Baby's Own Tablets in the house. I believe they saved my youngest child's life. At the age of three months she cried all the time with indigestion. Our doctor did all he could for her, but did not seem to help her. Then I got Baby's Own Tablets and they worked a wonderful change. They seemed to tone the stomach, moved the bowels regularly, and she has ever since been a healthy child." Sold at 25 cents a box by all dealers or by mail from The Dr. Williams' Medicine Co., Brockville, Ont.

Of More Interest

"Papa," confided the pretty girl, shyly, "there is a rumor afloat that I am to be the wife of Count Bluffem." "Bosh!" snorted the old man with a frown.

"But—but, don't you know the rumor is gaining currency every day?" "H'm! What good are rumors. What I want to know is—is the count gaining currency?"

Knew When to Stop.

The shrewd lawyer knows when to stop questioning, and none is more shrewd than the one who, conducting a case of bribery, questioned a man the other day who is rated high in the business world.

"Have you yourself ever refused a bribe?" he asked.

"No, but—" "That is all," said the lawyer.

At a later time he was asked why he had dismissed the witness so soon.

"Because," he replied, "I knew by the 'but' that he was going to tell me no one had ever attempted to bribe him."

Compensation For Injury.

Compensation for injury in the middle ages was in its infancy. The volume of the accounts of the lord high treasurer of Scotland, just published, tells incidentally of payments made to sufferers in the siege of Glasgow in 1544. To a carter who lost his horse \$25 was paid, but \$10.56 sufficed for a woman whose husband was killed, a like sum being given to the owners of two broken drums.

A Safe Rule.

"Is one apt to get bruised in learning to ride the bicycle?"

"Not if you make it a rule to stop when the bicycle stops."

"What do you mean?"

"Some riders keep on going."

European Flowers.

Only 10 per cent of all the different European flowers have any perfume.

Statues in Paris.

Few capitals of the world are so well equipped, not to say overstocked, with statues of public men as Paris. No one has ever attempted to count them, but a conservative estimate places their number at considerably in excess of 1,000.

Asbestos.

Asbestos was known to the ancients, who used it in which to wrap bodies previous to cremation to separate the human ashes from those of the funeral pyre.

Ravages of Consumption

ALL HER RELATIVES HAD DIED OF CONSUMPTION

In the year 1890, 18 years ago, Mrs. G. S. Cooper, of Belle Isle, N.S., was in a sad condition. All her relatives had died of consumption, and there was every indication that she was going the same way.

At this point her husband suggested to try Psychine. The doctor who attended said Psychine was worthless; but it effected a wonderful cure. Eighteen years after in a letter bearing date August 14, 1908, Mrs. Cooper says, "I am better than I have been for years. My lungs have not troubled me since I took your treatment. My physician told me I could not take a better tonic than PSYCHINE, and I recommend it to all who are suffering from Lung Trouble and General Debility."

PSYCHINE
PRONOUNCED SI-KEN

How Did He Know

After dinner, when the ladies had gone upstairs, the men over their coffee and cigars talked as men will of love. All of a sudden the host cried in a loud voice: "I tell you, gentlemen, this is the truth. I have kissed the dainty Japanese girl; I have kissed the South Sea Island maiden; I have kissed the girls of England, of Spain, of Germany, even of America; but it is most true to kiss my wife is best of all."

Then a young man cried across the table: "By heaven, sir, you are right there."

"Wasn't that young Mr. Tiff who left the house as I came in?" asked the judge of his eldest daughter.

"Yes, papa."

"Did I not issue an injunction against his coming here any more?"

"Yes, papa; but he appealed to a higher court and mamma reversed your decision."

There are lots of men who are so afraid of being thought poor they keep themselves to themselves. —Dallas News.

Hark, all ye of little faith; on October 15th, at the Alaska-Yukon-Pacific Exposition, at Seattle, Alberta exhibits were awarded the Gold Medal for excellence. This in competition with all agricultural exhibits. In other words we won out against the whole bunch. Now, let the world know it by sending the News back home. Fifty-two doses one dollar.

And the C P R "expert" says Alberta returns are running from 27 to 35 bushels to the acre. Also that the road is handling all the grain offered without difficulty. This statement is made in the face of the fact that the Clareholm Review publishes a column article on "Car shortage" and says:

"On Tuesday a representative of the Review made the rounds of the elevators and found that the complaints there were no less bitter than those made by the merchants. The company was 129 car behind on the order book and would have been more only that the farmers and elevators had stopped asking for them. What's the use when the C P R can't supply them?"

Now, "Mr Expert" what about it? Who is telling a "whopper"?

The Review also goes on to say that "We feel the need of Deputy Sheriff" and that the town's balance in the bank was \$65,000. Gee! and then they kick about a few cars.

The Carstairs Journal push can now view the fifth elevator for their town — and they need it about as bad as a cat does two tails. Why the elevator bunch do not get wise and put up two or three more in a busy centre like Bowden is a mystery. We have country to back us up, too.

We do not know where he stole it but this is what the Bawlf Sun man says:

"The time to have the brightest lamps lit, the hottest supper ready, to wear the gayest dresses and hunt up the funniest stories in one's memory, is the cold and rainy night when there will not be any company, but when the home coming husband or sons or brothers will doubly enjoy the special cheerful condition."

How would you like to live in Strathcona? Because the city dads would not pass a by-law giving the rate payers a chance to vote on the question of Sunday street cars, Supt. Taylor will make them pay double fare until they see the folly of their youth. As this will effect every person arriving on the late train from the south it will not help Strathcona in the eyes of the public. When city dads reach that stage where they think they are all the water in the town well a new well should be put down. The extra fare will not effect the aldermen in the least except as it hurts the town. Men with capital to invest would not stop in a town when such "goody-goody" city dads are allowed to run things. Why not stop buses from carrying passengers? Just as much sense to it.

Surely, when town officials get into such a condition, they should be asked to resign and "live ones" put in. We all want men with money to come to our province and invest, to help boost our property and make money for us. But we cannot expect people from the States to come here and invest unless we show that we are up-to-date. The worse set back Canada ever had was when some of the would-be purchasers agitated the shutting down of railway transportation on Sunday. Canada was the laughing stock of the States for the time being. People who expected to come here to invest went to Seattle and Portland and

other western cities. No one realized the mistake as did the higher officials of Canada. What is the result—the railways are run as usual—to accommodate the public. Preachers, as well as editors, are all right in their place, but when they advocate something that is detrimental to the welfare of the public as a whole they should be dwelt with accordingly. News editor excepted.

MAKING PROGRESS

Wireless Telegraphy Is
Now an Assured Fact
in New York.

The following newspaper dispatch from New York, refers to the wireless telephone which was an interesting feature at the exhibition here and which it is proposed to have installed in the city.

Some 4,000 feet of copper wire forming the antennae for the Racine Telephone company was strung from the fiftieth story of the Metropolitan Life building this morning, and within a short time the newest DeForest system of telephony and telegraphy will be opened commercially as a long distance factor in wireless communication between the principal cities on the Atlantic coast.

The first message will be sent between the Metropolitan Tower station and the Quaker city. The installation of the station on the Metropolitan Life tower is the first definite step in the widely heralded talk, via wireless, New York to Paris.

The station on the Metropolitan tower is on the fiftieth floor, 700 feet from the sidewalk, and the antennae extends umbrella shaped, to the fourth floor roof of the building from which the leading wires pass into the office. The work of erecting the antennae which is the largest in the world excepting the one controlled by the same company on the Eiffel Tower in Paris, was begun in the storm on Friday night, when two wires were sent aloft during the progress of the disturbing elec-

tricity. While the workmen were busy making fast these two wires and the wind was whistling its most strident tune an interesting experiment was made from the top of the swaying campanil, that showed the marvelous cutting up of the air currents in the vicinity of the apex of the tall tower. A score of tiny balloons were liberated and at once were borne away to leeward with the speed of so many frightened gulls. For perhaps a hundred yards they remained together, after which one after another became separated, halted in flight, circled for a moment around the antennae wires and then apparently in the teeth of the fifty-mile gale, drifted back to the tower, around which they were driven like swallows for nearly half an hour. At length one by one they were caught in an eddy which bore them far away from the disturbed air currents and drifted down the wind to become lost in the smother of leeward. Meanwhile the lightning played around the tower and the rain fell in torrents, but the linemen continued their labors despite the frequent flashes of light until the wires were secured and the swaying antennae was in place. To-night the batteries and the paraphernalia will be connected and the already perfected system on the great lakes will be in communication with New York and Philadelphia.

The story of the wireless is like a page from a fairy-tale. Scarcely more than a decade has drifted into history since wireless telegraphy was given to the waiting world, during that period many scientists have devoted their lives to the work of developing the art of wireless. That little has been accomplished by the majority of these workers is a patent fact. Indeed, with the exception of Dr Lee DeForest and a few co-workers in his laboratory absolutely nothing of real value has been evolved. Dr DeForest has invented a wireless telephone,

Wimborne

Miss Hilda Rankin, Milnerton and D. Davies, Calder attended the Teacher's Convention at Innisfail.

Mrs J Wilson was in Innisfail Friday.

Rev J R Craig, Presbyterian minister at Trochu, was in Wimborne last week. We wish Mr. Craig every success in his new field.

M. Randall was in Innisfail Thursday.

J and Mrs Berry were among the visitors to Innisfail Friday.

A number of P E Islanders met at the Milnerton fair and enjoyed a talk about the Island.

The following is the report of the Hogadone S D No 1642 for September:

No pupils enrolled for month	20
No teaching days school open	21
Aggregate days attendance	3524
Average attendance	16.78
Percentage of attendance	88.90

Mr and Mrs H J McArthur and daughter Elsie were in Innisfail Saturday.

Rev Larson of Lake View held service at Milnerton Sunday and Rev Rice at Innisfail.

The government has expended \$400 grading the approaches to the new bridge between townships 33 and 34. Mr McCombe of Red Deer was superintendent of the work.

A number from Wimborne are planning to go to the Harvest Home at Trochu Oct 22nd. An address by Rev J R Craig is to be one of the leading features of the evening.

J Wilson had a valuable horse seriously injured by barbed wire, last week.

A section and three quarters of C P R land near Wimborne was sold last week.

Gentleman Farmers

To one and all; it was im-
possible for me to get my
business sold or get in a
shape to go on a farm this
year as it was late, so I have
made up my mind to stay in
town and deal with you a few
years longer. I will move my
shop near the meat market
and feed mill, opposite Conner
& Walburn. I would be
pleased to have you come and
see me again.

Yours truly,
S. A. WOODWARD,
Farmers' Home.

Huxley

Boost for Huxley.

Quoting from a recent issue of the Innisfail Province, some writer claimed his town "needed no boosting—it stood on its own merits." We do not dispute the fact that our district stands on its merits, yet how are those merits to be brought before the eye of the public and get them interested enough to investigate them unless we boost.

The first homestead sold in this district exchanged hands last week. The price realized was \$1,600 and was very cheap at that, several homesteaders in the township have refused \$3,000 for their claims and show very good judgement in doing so. In the course of a year or two when the railroad reaches our district, they will realize much more than the above sum.

Threshing is pretty well done in this neighborhood. Oats averaged from 50 to 80 bus per acre, barley 40 to 45. These figures speak for themselves of the agricultural merits of our district. This with the abundant yield of hay which has been put up this fall makes Huxley an ideal spot for mixed farming.

While threshing for G M Shaw a spark from the engine ignited the grain stacks and before the fire could be extinguished several stacks were burned.

L Thompson and daughter of Ottawa arrived here Sunday. They will make their home at Perbeck, where Mr. Thompson has erected a splendid large house. His Huxley friends are anxiously awaiting a "house-warming".

Maurice Ferreter is on the sick list.

Geo Pickering has just received a fine new graphophone. His guests will have the privilege of hearing some fine music now at his stop-ic house.

Conrad Weir and wife, J J Miller and wife were Trochu visitors yesterday.

Mrs Parath is very low at the present writing.

Miss Jennie Krieg was a guest of Mrs J J Miller over Sunday.

MARKERVILLE NEWS

Business is quite brisk in town lately.

Mrs Bailey is renewing old acquaintances in Markerville and surrounding districts.

Miss B Stevenson left last week for Calgary where she intends spending the winter.

Mrs Ramsey visited friends in the vicinity for the passed two weeks before leaving for her home.

A snow storm swept over these parts last Saturday, which kept threshing back for a few days.

Don't forget Thanksgiving Day, Monday, Oct 25th.

A number are wondering what they will do during their holiday on Monday.

Sunday service every Sunday in the Methodist church at 8 p.m. Sunday School every Sunday at 2 p.m. A cordial invitation is extended to all to attend.

The school attendance is increasing, owing to the busy season being partly over.

The I O G T lodge intend holding a bazaar on Friday, Oct 29th. After the bazaar there will be a dance. Supper will also be served. Those interested in the temperance cause should be present and try to make this a great success.

A number of farmers around here sold their unnecessary cattle last week.

The settlers of Markerville and surrounding districts have again been called upon to mourn the loss of one of its pioneer inhabitants, in the person of Mr Logan, who passed away at his home here last week. The news of his death came as a surprise to a great number of the family's friends. Deceased was 75 years of age. Funeral took place on Saturday to the Innisfail cemetery.

INNISFAIL INDEPENDENT

Vol. 1 No. 13

Supplement to the Bowden News, Thursday, Oct. 21, 1909

Terms \$1.00 per year

INNISFAIL NOTES

Joel Stiles left for Bozanna on Wednesday last.

O Watt was a visitor in the Markerville district this week.

A son was born to Mr and Mrs Frank Lockwood, on the 14th.

A Lennox of Calgary is the new tinsmith at the Innisfail Hardware Co.

Bowden News and Independent office at Watt Bros. Offices. Call and see us.

Bert McLeod, postmaster, Red Deer, spent a few days in town this week.

Miss Paterson of Okotoks is visiting at the home of her brother W C Paterson.

J H Slites of Miss Simpson's drug store is opening a drug store at Bassano, Alta.

Mr Suggett of Unity, Sask., has accepted a position in Miss Simpson's drug store.

S D Alguire of Kalispel, Mont. is in the city looking after his financial interest here.

Nearly 1500 head of cattle were shipped from Innisfail this week. How is that for one town.

Mr Ringrose of Rocky Mt. House—Prairie Dale—65 miles west of here is seriously ill.

We regret to state that J K McMillan is still confined to his bed with what the Dr thinks may be the typhoid fever.

Jack Marshall and Miss Ethel Anderson were united in marriage on Sunday last. We wish them happiness and success.

Dr Memberg was called to Knee Hill Valley Monday to set Jim Jensen's leg that was broken by falling in a plow wheel.

A very enjoyable evening was spent by a number of young people of the town at the home of Miss G West on Friday last.

Rev Whitehead, M.A. of the Anglican church left this week for his vacation at the coast. The pulpit was filled last Sunday by Mr Oldham.

Mrs Jackson of Edmonton is a guest at the home of Mrs W R Wilson. They visited old friends in the neighbourhood of Innisfail the past week.

Percy T Gouler leaves for the east soon, where he will visit for some time. This winter he expects to spend in California, among the roses.

Jas T Rogers of the Innisfail Hardware Co. left for Winnipeg this week to meet his wife, and they are expected back about Nov. 1st. We welcome them to our city.

The Innisfail Independent and Bowden News office will be found at McCullum & Watt Bros. offices after this, and if you want to pay your subscription, or order the paper or job work order, from them. Leave all your news with the boys for we want ALL THE

NEWS ALL THE TIME. Help us by giving us any items of interest.

MILNERTON TIT-BITS

(Too late for last week)

W Forester has rented Mr Archer's farm, and intends occupying it on Thursday next.

Mr Archer of Innisfail paid a visit to Mr Sargeant's on Sunday

Rev S Jardine preached a splendid sermon at Calder School House on Sunday

Rev Jardine has taken charge of the Milnerton Mission Field, under the Presbyterian denomination. We wish him every success

It seems that a large number of buildings are going to be put up, a little east of here, judging by the number and size of the loads of timber which passed on Sunday

T Galbraith passed on Sunday, on his way home from Innisfail

The Rev Father Bazin of Trochu passed thru here on Monday, on his way to Red Deer where he was taking a young friend to be educated at the Convent

Hill End is to have a new school house. Let us hope that it will be up-to-date in all respects, and worthy of Mr Healy the teacher

J Layden is getting along A 1 with the threshing. Quite a large amount of grain has already passed thru his threshing machine this fall

T Smith and Family of Horse Shoe Lake visited Milnerton on Sunday

GARRINGTON NOTES

The services of the "Village Carpenter" have again been requested

What with bears roaming about, and babies yelling in the bush, one has to keep a sharp look out these days, or they are apt to get a run for nothing

There seems to be quite a number of broken wagon reaches laying around this fall, especially on sec 27. What is the cause?

Garrington Grain Growers Plea. Threshermen! Will you not make a promise?

To go no further from us, But pull this way and come to stay, A few days in amongst us, Grain Stacks, Grain Stacks everywhere.

Yet not a whistle heard

The Prodigal returned to "Paradise Flatts" on Thursday last, but had some trouble in passing the Gates being stopped by Saint Peter, who demanded cash in return for some steers. The Sinner dug up and was allowed to proceed

Knee Hill News

Four births are reported in this vicinity Walton's a boy; Reese's a girl; Oldring's a boy and Talmage Wilton's a boy. Fathers and children doing as well as could be expected. Who can dispute the fact that our country is not growing

Knee Hill is progressing wonderfully. A new hardware and butcher shop will be erected shortly

A very unfortunate accident befell James Jensen while ploughing on Monday, Oct 18. The plow struck a stone throwing him forward in such a manner as to break his leg

We understand the surveyors are on the way looking over the route for the Canadian Northern Ry

Smith & Jacobs are at present threshing in the vicinity of Mayton

When you want a good business deal try Wilton Bros. They guarantee to satisfy you

The general opinion seems to be that the crop in this district was good; much better than many past years

A great number of cattle were sold from this vicinity in the past week. In fact we have the best grazing district in Alberta

Mrs Robert Wynn is visiting in Didsbury

C T Ashmore has taken first prize on spring wheat at all the leading fairs

ARTHURVALE

Everybody are up to their necks in work, threshing, stacking, stooking and pig sticking. Arthurvale is busier just now than it has been for years.

The oats have turned out a splendid crop this season, also there are some good samples of spring wheat, and the fall wheat looks grand.

All we want is that long expected railroad, but blessed are they that expect nothing, for they shall not be disappointed.

Lost, a stone jug full of liquid, possibly a liquid that cheers but not inebriates, anyone returning same to the P.O. farm shall be rewarded.

Fairview

Jerry Taylor returned from the west and has been busy fitting up a granary in preparation for his grand crop of oats—when the thresher gets around.

Messrs Shelton and Scott have also erected new granaries and are busy preparing their soil for spring seeding.

Joe Stevenson of Creek Side gave us a call on his way to Trochu on business.

Mr and Mrs Bondurant were the guests of Mrs Ross on Sunday.

Mrs Wolfe and son Murray were visitors of Olds friends and returned on Saturday.

Mr Walrod of the Central land office, Olds, passed thro on his way to Olds on Sunday.

Alex Brown and Wes Seamen of the Hammer Hardware Co., Olds, accompanied by Mr Earl were noticed out this way; no doubt they were on a business expedition.

James Scott's pleasant face always gets around on Sunday and makes his friendly calls.

Ed Hanson of Strathmore, Alta gave us a call on Friday on his way to Mr Bensons. He intends homesteading in the east.

Mrs G D McArthur and family drove over to Trochu last week and reports that Trochu is rather a pleasant place.

Everybody remember that Oct. 22nd is the night of the social at the Presbyterian church, Trochu. Everybody get there and help with the good time.

Mrs D McIntyre and daughter of Trochu, formerly of Lone Pine were the guests of Mrs McArthur Friday.

Mr Golay, carpenter and builder of Olds, passed thro here on his way to Trochu to erect a fine house for Mr Dalgarno who is commencing homestead duties in that district.

10 pieces of Wramerette, colors brown, red, pale blue, black, white check, reg 15c per yd for 12c

Olds

See Olds first.
R J Cutten was a Calgary visitor this week.

J C Smith of Trochu was in town Tuesday.

Oscar Fobes was in from Mayton Tuesday on business.

Frank Campbell of Curlew was seen in Olds Tuesday.

Mrs Robt Winn of Knee Hill is visiting Mrs Duff this week.

Alfred Miner was in from 7 miles east of town Tuesday.

Read the new ads. in the paper this week. They will interest you.

Thos McKercher made a business trip to Calgary the first of the week.

Wesley Bame's wife and little daughter are reported very ill this week.

Miss Thompson is assisting the Coulter Bros. in their tailor shop this week.

Mrs W G Hunter passed thru Olds last Monday on her way to Stromer, Alta.

Dake & Moritz report selling three gangs and five wagons since our last report.

Wm Baines spent Sunday at home in the Barrydale district. Certain attractions.

English Grand Opera Co will be in Olds Nov. 10th and they promise to be the best.

Judge Mitchell of Calgary held regular court in Olds Monday and Wednesday this week.

F Dodd east of Olds has threshed out 45 bushels oats and 32 bushels wheat this fall.

N F Hagen, the popular store-keeper of Simdre was in Olds the first of the week on business.

E W Bell, of Stoney Plains, a sign painter, has decided to settle in Olds for the winter at least.

Mr Cranston, brother of Mrs Geo P Dake, of Halifax, has been here for the past week on a visit.

Get your "horse fiddles" ready boys for S W R's return. "They" were wearing a smile that wouldn't come off.

Get it at Moores' in Olds is alright, but when M A Moore of Winnipeg says get it at Moores' we will—nit.

Mrs. MacClaren, associate matron of the Eastern Star of Calgary was visiting Mountain View Chapter No. 1 this week.

We are sorry to chronicle the death of Thos Thompson, living south of town, who died at 7.30 Tuesday morning of typhoid fever.

Kienboum & Tesky bought a 20 h.p. traction gas engine of Kemp & Shaw this week. They will use it for baling and breaking.

A Coulter returned from Weyburn, Sask., this week after spending three weeks on his farm there. He reports good crops and a fine time.

The Olds Furniture man has an ad. in this issue that you should read. If you want good furniture, cheap, read it and call and see for yourself.

Bowden News and Observer office over Henry Heddon's harness shop—in the International Realty Co's office. Call and get acquainted.

O Loiselle, who has been with Henry Heddon for some time is leaving for his homestead near Wimborne this week. We will miss his smiling face.

Shipping hay is quite an industry in this town. Dake & Moritz alone have shipped as high as eight cars of tame hay out of Olds. Prices range about \$7 per ton.

Alex Mason, an expert harness maker of Calgary has been engaged at the Henry Heddon harness shop. Henry is always up-to-date, and the farmers say his prices are right.

E Ringler is in Olds with a view of locating. He has farmed in southern Alta, but thinks he prefers mixed farming, and says the Olds district is good enough for him.

The Horticultural society held a meeting Monday evening last, and have decided to finish the work on the park this fall. This will make a vast difference to the appearance of our city.

Sale bills 13 by 20 inches—100 for \$2.50; 50c additional hundred. Notice of sale run in papers free 250 letter heads, 250 envelopes and 250 statements all \$3. Other printing accordingly. Why send away?

Miss Ellen, the eleven-year-old daughter of Mr and Mrs Wesley Bame, died Sunday evening of typhoid fever after a short illness. The sorrowing parents have the sympathy of the community in their loss.

David Graham, of Armstrong, B.C., who has decided that Alberta is the place for a young man, has just returned from Banff, where he threw off the bonds of single blessedness, and is now in our midst with the prize.

E B Langdon of the International Realty Co. has traded his Vashon, Wash., property for property at Didsbury and Calgary. He says that the report that he had traded for the property across the river in Calgary is just a josh.

Reeves & Campbell are holding a big sale at Gust Hamnerback's Tuesday, Oct. 26th, and if you want to buy anything in the line of horses, cattle, poultry, swine, grain, hay, implements, furniture, dairy utensils, etc., you want to be on hand.

The Observer and Bowden News now have an office at the International Realty Co's office over the Henry Heddon's famous harness shop. Call and leave the news, and items of interest with the boys, or dollar for subscription, or anything in the printing line.

Peterson Bros., living 10 miles southwest of Olds; Leslie Saunders, 12 miles northwest; Tom Buckton, 3 miles north, and Campbell Bros., 6 miles northeast of town all buy presses of Dake & Moritz the past two weeks. There ought to be a pressing time in Olds district this fall.

Several boys from the States gave Billy Bryan three cheers at Olds as he passed thru there on Tuesday afternoon. He smiled his thanks. Seems good to see Billy again—haven't seen him since we were on the York Daily Times in Nebraska, and he was making his first effort.

Mrs Tyas, the new matron at the Private Nursing Home of Olds, is certainly a hustler. She is having the old hospital remodeled and finished up in fine shape this week. She comes from Calgary

and is well recommended, and will no doubt do well in our city, as she thoroly understands her work, and has the confidence of her patients.

Our reporter at Olds heard one of the prominent farmers of Curlew district say to the manager of the P Burns ranch, that he would rather sell his oats in Olds at several cents less, and haul them to town and be able to get on a binder than sell them to Burns. He would not have the chance to come to town if he sold them at home. How is that for high financing? Burns' man told him to do so and he would haul the oats back from Olds—30 miles or more—and make money on it. Get them at a lower figure in Olds than he could from the farmers in his district. Boys get together—we are here to help one another.

Mayton News

The beautiful has put in an appearance Saturday it snowed all day from the S. E. It was not a very disagreeable day, and the snow is now well gone. The store did a land office business, people taking advantage of a day off to do their shopping.

The threshing operations are not nearly through in this locality. In this connection it is interesting to remember three to five years ago when Mr Wideman with a small horse power thresher used to thresh for this settlement and got thru in good season, now with five large steam threshers covering the same territory there is danger of being caught by cold weather, unthreshed. The people S. W. of here and west of the Coule are getting particularly anxious. Mr Heron and Mr Medke are very anxious as they have large crops and were given hopes of being threshed ere this. Conditions all along demonstrate the urgent need of more machines, nothing goes further to show the rapid development of this district.

Mr Heron has just completed a large granery for Mr Chambers.

Our creamery has changed butter makers, Mr Rear leaving for his farm south of here. Mr Grouch from Red Deer is now in charge. In this instance it is hoped there is not much in a name. Whether there is or not the Creamery patrons are interested only in getting a correct test and having good butter turned out.

Mr Paul Murphy formerly of Mayton was on the 7th inst. married to Miss Julia Stoddart, both of Duluth, Minn., Paul has been in the employ of the steel trust at Duluth for several years where he has a good position. His many friends wish him joy.

Arch Benedict will soon move with his family out to Red Deer where they have obtained more land.

Mr Medke who is married to Mr Heron's daughter has sold his farm and will soon move to the Phiffle residence for the winter.

Miss Armstrong who for several terms taught the Mayton school is back from visiting her home in Ontario. She is now in charge of the Prairie Valley school hence the broader smile on the face of one of our most genial and popular bachelors. Fifty cents. Mr L—please.

Mr Hurley and Mr Dunlop went to the mines last week. They had the misfortune of being there fair day. It took them three days to get their coal and then they had to leave with only part loads.

THE NEWS, BOWDEN, ALBERTA.

EDITORIAL.

Trochu

The hopeful intelligence has come to hand that the Grand Trunk Pacific Railway is surveying a line south of Alix to Calgary. Almost every day some news of interest and importance respecting the railway arrives, and one is forced to the conclusion that the chances of being able to secure a railway for Trochu are becoming appreciably greater. Previously, there was some danger—indeed, a great danger—that the G.T.P. might direct their line east of Buffalo Lake and thus frustrate what might be termed "our only hopes." But all this uncertainty and danger is now far removed, and we can cheerfully reflect on a decisive and successful future.

"Special to the Daily Herald."

"Alix, Oct. 9th.—The G.T.P. surveyors are running a line south of the town. There is a considerable party of men at work. This is the third line which the G.T.P. has run through this district.

The direction of the survey stakes, indicates a crossing of the Red Deer river a mile west of Bullocksville or from eight to ten miles west of Content. The banks of the river are very favourable at this point."

A careful examination of the map will disclose the fact that—since they have definitely decided to cross the Red Deer at either Content or Bullocksville—the G.T.P.'s inevitable course to Calgary lies between the C & E and the Red Deer.

The typographical conditions of this country practically compel a railway line to follow, for some considerable distance, that part of the Ghost Pine Creek on which Trochu is fortunately situated.

As a matter of fact, this particular line has already been surveyed.

There is only one issue now in the railway question concerning which there can rightly exist any doubt—will the G.T.P. build their station at Trochu? It is a question which, to a great extent, only time and circumstances can decide—but much can be effected locally. Our best efforts can be put forth to secure the station for Trochu. If we, by chance, should fail in

our endeavour to secure this important advantage for our village, we could, with some degree of satisfaction, reflect that "we did our best." The time to act is now.

Correspondence

To the editor of the Trochu Times.

Sir—I should like to write a few words respecting the idea which you proposed of advertising the Trochu district. I think it would be a good idea to have an attractive pamphlet printed, descriptive of this district, and to distribute it, as you suggested, at different well-known centres. We have quite a large district to draw from, and it seems to me, that if Trochu, Huxley, Ghost Pine and Perbeck, etc. clubbed together, something worth while could be obtained, and we could afford to have a really good pamphlet printed. Certainly, now is the time to get busy.

HUSTLER.

ITEMS OF LOCAL INTEREST.

W. L. Lambert was in Trochu last week.

Wm Smith is building a barn for L C Eckenfelder.

F de Torquat was in Trochu last week from the ranch.

A Ralphs and M Evans spent Tuesday and Wednesday in Trochu.

During the day a fair was held, and the agricultural exhibits were numerous and fine.

Bob Campbell will measure up the T Burns' Co's hay north of Trochu during the ensuing fortnight.

The Rev Craig arrived in Trochu last week from Scotland to assume ecclesiastical duties at the Presbyterian church.

A large number of Trochu people drove over to the Three Hills fair. Everything passed off successfully and a good time was spent.

Hotel arrivals—F Anderson, Innisfail; W Hobson, Red Deer; M McLeod, Calgary; J Hart, Didsbury; Geo Banks, Tolman; T N Robinson, Olds; N de Beaudrap, Trochu.

Huxley was again the scene of a very enjoyable dance on the evening of Oct. 15th. There was an exceptionally large attendance, and both the dance and supper were in perfect taste.

Mr de Reinach-Werth who returned recently from a business trip to Vancouver, stated that the Pacific city was going ahead in a progressive manner and that many municipal works were under way. Mr de Reinach-Werth said he was gratified to see large quantities of Trochu Valley Creamery butter on sale at many of the large stores, but he felt somewhat apprehensive as to the future of the Vancouver market, as it had been rumoured that two large shipments of first-class butter were expected to arrive from Australia.

RELIGIOUS SERVICES

Presbyterian Church.—Nov. 7th afternoon service 3 p.m.

Roman Catholic Church.—High Mass 10 a.m. Benediction 6 p.m.

\$10.00 Reward

STRAYED from my place the S.E. 1/4 sec. 4tp. 33-22 W 4th, three cows, colors, one roan, one red white faced, one spotted white and brown, all brannied H 2 on right ribs, also one bay mare star on forehead, wire cut mark on front hips, aged 5 years.—Inform J A Guttmann, P.O. Trochu, Alta.

Elmira News

Messrs Johnson, and Ross are erecting a new log barn.

The people of this district have been very busy the last few days digging their potatoes, the yield is very abundant this year.

Rev H Matthews, who formerly preached in this district was renewing old acquaintances last week.

Mrs Wm Edwards spent Sunday at Lake View.

A new Methodist minister, in the person of Rev W F Harris has been appointed for this locality. Services will henceforth be held at 11 a.m. on Sunday instead of in the afternoon.

Elmira can now boast of a fine new coal shed.

T Guard of Lake View has been in the neighborhood buying a car load of fat cattle. Mr Guard is also endeavoring to buy a car load of chickens.

Mrs J Young has returned from her trip to Innisfail.

Letts School District

Mrs Porath died at the home of her son, Julius Porath on Friday, Oct. 15th. at 11 a.m., aged 67 years. She had been seriously ill for some time and her death was hourly expected. The funeral was held from the Trochu Presbyterian church on Sunday, Oct. 17th. at 3 p.m., Rev. Craig officiating. Interment was made in Trochu. Deceased leaves a husband and one son to mourn her loss.

Arno Reader has returned and is going to continue his duties on his homestead.

Mr Eckenberger is still in the district with his threshing machine. He finished with Messrs Stread, and Robertson and Letts last week and is at present with Conrid Weis.

The Harvest Home at Huxley was a grand success. The supper was par excellence and Mr Pickering's gramophone put the finishing touch to the program. After the close the room was cleared and quite a crowd enjoyed a little social dance.

Conrid Weis has had a well drilled on his farm. They drilled some eighty feet and struck a good flow of water.

Mr Harris held service in the school last Sunday. The attendance was not exceptionally good owing to the cold weather, but those who did attend enjoyed the service very much. We wish Mr Harris every success in his new field of labor.

THE NEWS, BOWDEN, ALBERTA.

Bowden

A McLeon was a business caller at Olds Wednesday.

Honscom, the chicken buyer, was in town to-day—see his ad.

Trains are a little late this week owing to frosty rails.

Mr Grasse was down from Innisfail this week on business.

Miss Fannie Prouse visited her sister and aunt in Edmonton this week.

Two newspaper men were appointed to cabinet positions at Edmonton Wednesday. Some hopes for the News man. Maybe.

Mr and Mrs Robt McCue returned from their visit to Seattle fair and coast points. They report a most enjoyable time.

John T Payne of Middleton, Idaho, is visiting his brother C H Payne this week, and from there he goes to Hardisty to visit his parents.

Presbyterian Church Services will be held next Sunday as follows: Red Lodge 11:30; Eagle Creek 3 p.m.; Bowden 7:30, W M Chalmers, pastor.

Who is going to furnish the editor with a Thanksgiving turkey, or even a chicken. We are trying to keep house now and can use a few things to eat.

A Elphick went to Calgary Tuesday to bring back his daughter who has, we are pleased to say, recovered from her late illness and is able to return home.

Rev G Gordon Edwards will hold service at the English church, Sunday, at 2:30. Rev Edwards is formerly of Bowden, and he can depend on a large audience.

There will be a series of special meetings held in Bowden Presbyterian Church, commencing on Sunday, Nov 7th. Other denominations are cordially invited to co-operate to make these meetings helpful to the whole community.

We have 38 one thousand dollar policies left that we will give until exhausted to new subscribers for \$1.50 for the papers and the policy. Old subscribers can have same by adding 75c. to their subscription. Send in your money as you will not have another chance.

We have just received word from Maple Creek, Sask., of a woman making three plum puddings, each of which, measured 2 ft. 3in. across. We are wondering whether she made them in the "wash tub" or the "water barrel." How is that for a prairie town?

Say, if you can spare us that dollar now we will feel happy, for we are putting in a new press and need the money. Yes, you can all come at once—there will be room for one more. Make the poor editor thankful this year.

Alf. Woodward's many friends will be glad to learn that Alf has decided to remain in Bowden. Alf is a good workman, and when you leave a piece of work with him you can be sure it will be ready for you when Alf promised it. Please do not laugh—this is a secret.

Tom Conner had one of his famous Magnet Cream Separators on exhibition at the fair, and it drew quite a crowd. The \$15 gold watch was won by Mrs Brightman, and the \$10 one by Mrs Hengstler. Selling Agent Blucher of Calgary, was on the grounds to show the machine off to advantage. The past week they have been out after orders and secured quite a number.

Marshall is Minister

Duncan Marshall, whom everybody knows in this district as our M.P.P., has been appointed as Minister of Agriculture, Hon W T Finlay having resigned. This will be a big thing for this district, we hope, and trust, with his addition at pull, that Bowden district will get many improvements.

Hear some of the "Old Faithful" at Olds groan—take your medicine gentlemen, and look pleasant, please.

NEWS DAY LATE

Our newspaper press got on a rampage this week and broke her main shaft. The readers will please excuse the main shaft this time.

Who Will Win Watch

The great watch contest is going on. There will be a surprise next week. Several new subscribers have been added by some of the correspondents and you will note how the scores jump. A few new subscribers will put any of the contestants away ahead.

There are three splendid watches waiting for the three correspondents who will hustle. Call at the Olds, Bowden or Innisfail Jewelry Stores and examine them.

Auction Sales

C. Reinke, 10 miles west of Bowden, will hold a Clearing Out Sale on Monday, Nov 15, consisting of 5 head horses, 50 head of cattle, pigs, chickens, machinery, household goods, etc. Lunch at 11; sale starts immediately afterward. J. N. Paton, auc. H. Walrod, clerk.

David Fordyce, 12 miles west and 3½ miles north of Bowden will have an Auction Sale on Tuesday, November 2nd, at one o'clock, of horses, cattle, dairy cows, farm implements, and machinery. also 100 bushels of Abundance seed oats. For further particulars see posters. J N Paton, Auctioneer.

Reeves & Campbell are holding a big sale at Gust Hammerback's Tuesday, Oct. 26th, and if you want to buy anything in the line of horses, cattle, poultry, swine, grain, hay, implements, furniture, dairy utensils, etc., you want to be on hand.

Highland Ranch

J A Zierk's oats yielded 75 bushels to the acre.

H Painter was in this vicinity looking for a threshing machine. Follow his example and get the right man G H Johnson.

Mr Shaw was very unfortunate, when threshing, three of his stacks burnt down, also a straw pile.

We have just welcomed a new neighbor Mr and Mrs R C Fraser and family.

We also expect to see another family when P Michell returns from Vancouver, B.C.

Everybody in this vicinity is building new granaries except Jas Stringer, he had room in his old one for his crop this season.

Our neighbor Mrs L Collons is having an Auction sale, after which they are going to Calgary to make their home.

LOST.—Ten Calves, freshly branded, —R/I on right rib. Left ranch on Oct. 7th, last seen six miles north of my place. Suitable reward for anyone advising me where they are.—Joe Corsiato, P.O. Bowden.

POULTRY WANTED.

I will pay the highest market price in cash for all kinds of live poultry delivered at Bowden or Innisfail on Nov. 2nd to 4th (Tuesday to Thursday.) Young chickens 10c. lb.; old hens and roosters 8c.; turkeys 15c.; ducks and geese 10c.—A J Wilcox, Innisfail.

A SNAP—One 8000 lb weigh scale for sale at a snap, just the thing for a farmer Apply Robt McCue.

Three Hills Happenings

Dr Lackner is in town doing dental work.

W McCraig and son were at Three Hills for the fair.

Three Hills had its first fall snow on Saturday, Oct 15.

School re-opened Monday with Miss Fox of Olds as teacher.

Mr and Mrs Thompson from Taber are visiting relatives here.

Three Hills has taken on its usual aspect after the excitement of the fair.

Rev Howard has arrived to take charge of the Methodist church in this section of the valley.

R Roberts, F Belott and several others from here are taking a trip across the Red Deer River.

No more lonesome evenings now—our popular Postmaster has purchased a fine gramophone.

Business is quite brisk at the coal mines now. More miners are being employed as the demand for coal increases.

We think that those who inspected the varied exhibits at the fair will agree with the motto "Three Hills the Garden of the West."

Threshing is well under way. Farmers report "bumper crops" this year. The grain is in fine condition, having ripened early and being entirely free from frost.

Rev Howard will conduct divine service in the school house on Oct 24 at 11 a.m. and every alternate Sunday. A cordial invitation is extended to all to attend.

The Herald is beginning to be a much looked for and appreciated paper in our district. Let us all do our part to make it a success, by leaving any news items with the correspondent or at the stores.

Sports

Horse races—free for all run—three heats.—1st, Pierpont, L Robertson, Three Hills; 2nd, Ruby Smith, Carbon; 3rd, Brownie, I Pearson, Trochu.

Pony races, 14 hands.—1st, Fred, J C Erney, Three Hills; 2nd, Charlie, Gibson, Carbon; 3rd, Tony, Minion, Three Hills.

Boys' pony race, 14 hands or under.—1st, Flossie, J Gwinn, Three Hills; 2nd, Blue, Dundas, Hunterville.

Ladie's race.—1st, Flossie, Miss J Daken, Three Hills; 2nd, Tony, Miss Minion, Carbon; 3rd, Charlie, Miss Gibson, Carbon.

Cowboy race.—1st, Ed Thompson; 2nd, R Nichol; 3rd, C Whyte.

Men's 100 yards foot race.—1st, C White; 2nd, W S Robertson; 3rd, J Gibson. Time 10 $\frac{1}{2}$ min.

Boy's race, under 16 years.—1st, A Maybee; 2nd, E Weitzel.

Long jump.—1st, C Whyte; 2nd, J Fisher.

Hop, step and jump.—1st, C Whyte; 2nd, W S Robertson.

Boy's under 12 years.—1st, Davis; 2nd, W Watson, 3rd, W McCurrach.

Nesbit

Some of O E Sannes' oats yielded sixty-six bushels per acre after being somewhat damaged by hail.

S Boffy made a business trip to Innisfail last Saturday and apparently had some difficulty in bringing some of our neighbors home. They had been at delivering beef cattle.

Some of P Burns' cowboys drove a bunch of about thirteen hundred head of cattle through this district this week. Who says Alberta cannot raise beef?

Z T Latimer of this district took several prizes on poultry and roots.

H Johnston doesn't think that he will take that trip to Banff now since the bad weather didn't wait long enough for him to get his grain all stacked.

The other day our correspondent met H Johnston on the road with two loads of lumber and the following conversation ensued: "Gracious me! Say Johnston where are you getting all your money?" "I made it cutting grain" "Oh of course you cut Bookless' big wheat crop!"

Lone Pine.

Mr and Mrs Chalmers spent a few days visiting in the District last week. While here, Mr Chalmers enjoyed a day shooting, the ducks were none the worse.

Miss Carrie Hess had a narrow escape Friday evening while riding to the school her horse took fright and ran away. Miss Hess was thrown off but fortunately escaped with a bad shaking up.

We are glad to learn that the road thru Mr McNaughton's slough will probably be put thru this fall. Several farmers of the district interviewed Mr Duncan Marshall on Wednesday regarding the matter when he promised to use his influence. The telephones however, will not be installed until spring as it is impossible to get men to do the work.

The many friends of Miss Bell will be glad to know that she is recovering from her long illness.

Little Garda Elphick is expected home from Calgary Hospital this week where she has undergone an operation for appendicitis.

The snow on Saturday has effectively put a stop to stacking and threshing.

A number of people of this district attended the Fair at Bowden, and expressed themselves well pleased.

White Creek

Among those who attended the Bowden fair we noticed Guy Powell, wife and sister.

Mr and Mrs Reinke spent Sunday at J N Patons near Eagle Hill.

Mrs Chas Woods and Miss Rachel Welch visited Red Lodge Wednesday.

Ye correspondent was treated to bear steak while visiting at Geo Patons home.

George says when he goes after bear he gets bear.

R F Macy is putting an addition on his kitchen.

John Butts has been hauling the lumber from last winter's saw mill site, the continued dry weather making the roads passable.

We understand C Reinke and wife will soon depart for Washington to spend the winter.

We have enjoyed (?) a foot of beautiful white snow, now everybody can go sleigh riding.

O L Paltridge was an Olds visitor Friday.

Hurrah for White Creek, we have neither typhoid, small pox, or measles. Perhaps the climate has nothing healthful about it, and we are too tough and mean to be sick.

Said one "gude man" don't use the Bowden News for kindling fires, so much energy deserves better recognition.

Word has been received from Henry Hose of Krupp, Wash. saying the whole town was burnt up, only four or five houses left. They lost their house. Henry says "Things don't look good there to him." He is thinking strongly of returning to Alberta.

Mr and Mrs Macy were Olds visitors Tuesday.

Collingwood

O Carlson of Curlew made a trip to the Reed Ranch this week.

O Carlson is going to draw hay this winter for the Reed ranch and for A Anderson.

Mr and Mrs Wm. Flock made a trip to Olds last week.

Mrs Willey and Mrs Flock took in the Milnerton Fair last week.

Mr Pendegast spent Sunday at the home of Mr Poole.

Wm Woodford is working for R Benedict of Wimborne.

Miss Mable Thomas made a visit to Mrs Holdsworth's on Tuesday.

S Sutherland is helping Mr Dickson with his grain.

James Scott has returned from his homestead across the Red Deer River.

Rev Phillips of Innisfail pre-

ached in the Collingwood school house a week ago Sunday.

Summit News

Mr and Mrs P Middlemass spent Sunday at the home of Mr and Mrs Bookless, at Nesbit.

All the people of Summit turned out on Wednesday to attend the Bowden Fair. It was a fine day and everyone says it was the fair around these parts, considering that this was the first attempt. The Agricultural Society deserves credit for the splendid exhibits and the systematic way in which everything was conducted. Several from this district took prizes viz: F H Rutledge, spring wheat; Mrs F H Rutledge, collection of cooking and fancy quilt; Hazel Rutledge, burnt wood work; Mrs W H Stark, battenberg lace and eggs; Mrs Wm Campbell on DeLaval butter. Besides the school took half a dozen prizes in penmanship, needle work and pressed and mounted flowers.

Although it was so stormy on Saturday some from Summit braved the storm. No doubt many were in Bowden on account of Mr Biggs shipping that day to B.C.

F H Rutledge is working on a new grainery in which to store his abundant crop.

The dandelion's and pussy-wilows must think that spring is here for they are in full bloom.

A fine map of the Dominion of Canada has been added to the equipment of Summit S.D.

A number of ladies from the district went to Bowden on Friday to help decorate the Church of England for the harvest home on Sunday.

The Summit school will repeat their entertainment on Friday, October 29th, commencing at 8 o'clock. A good program has been prepared. After the program lunch will be served after which the floor will be cleared for those who wish to dance.

Proceeds to buy a library for the new school. Admission 25 cents. The ladies of the district are expected to bring provisions of cake, sandwiches and pickles.

S Truby made a business trip to Bowden this week.

May City

Mr Bowers and children of Calgary are the guests of their mother, Mrs C Rear.

Messrs Smouse, Bauman, and Baeter made business trips to Olds last week.

Mr Schater of Innisfail was here last week renewing acquaintances.

Mr Bauman of Mayton took charge of the services here last Sunday.

Our worthy editor, Mr Harris passed thru here Thursday on his way to Bowden.

Mr West of Olds, made a business trip here recently, shaking hands with old friends.

Misses Armstrong and Murphy were callers on friends in this vicinity Saturday last.

Mr Wilson and family attended the fair at Milnerton and brought home several prizes.

Mr L Rear was in Bowden Monday on business.

WHEN TO USE DR. WILLIAMS' PINK PILLS

Dr. Williams' Pink Pills were originally a prescription used in the doctor's private practice and their benefit to mankind has been increased many thousand fold by their being placed on general sale throughout the world with the doctor's own directions for use. They are entirely safe and contain no opiate or habit-forming drugs.

Dr. Williams' Pink Pills are a remedy to use when the blood is thin as in anaemia or impure, as in rheumatism, or when the nerves are weak, as in neuralgia; or lifeless in paraparesis; or when the body as a whole is ill nourished, as in general debility. They build up the blood, strengthen the nerves and cure the troubles of women and growing girls, and many forms of weakness. That thousands of people have tried this treatment with good results is shown by the constantly increasing number of cures reported.

Mr. Paul Charbonneau, a young man well known in the town of St. Jerome, Que., is one of the host who bear testimony to the value of Dr. Williams' Pink Pills. He says:—"When I left school I became a book-keeper in an important office. Probably due to the confinement I began to suffer from indigestion and loss of strength. I became pale and seemingly bloodless and was often seized with palpitation of the heart and violent headaches. I tried several remedies, but they did not do me a bit of good. I was advised to try Dr. Williams' Pink Pills and did so, and the use of eight boxes brought me back to perfect health and strength. I have since enjoyed the best of health and cannot say too much in praise of this valuable medicine."

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Blox—"Theorists are fools."

Knox—"Is that your theory?"

Blox—"Yes."

Knox—"Then we will let it go at that."

Why suffer from corns when they can be painlessly rooted out by using Holloway's Corn Cure.

Little Willie—"Say, pa, what is a forget-me-not?"

Pa—"It is the knot in the string a woman ties around her husband's finger, my son."

Minard's Liniment relieves Neuralgia.

Tom—"They say Fred's fiancee is an unusually homely girl."

Jack—"That's what she is. Why, she once posed for the picture on a magazine cover."

In the treatment of summer complaints, the most effective remedy that can be used is Dr. J. D. Kellogg's Dysentery Cordial. It is a standard preparation, and many people employ it in preference to other preparations. It is a highly concentrated medicine, and its sedative and curative qualities are beyond question. It has been a popular medicine for many years and thousands can attest its superior qualities in overcoming dysentery and kindred complaints.

"And this," said the hostess, who was showing some relics, "is the trunk one of my ancestors brought over on the Mayflower."

"In other words," rejoined the guest, "it is the trunk of your family tree."

Trial is Inexpensive.—To those who suffer from dyspepsia, indigestion, rheumatism or any ailment arising from derangement of the digestive system, a trial of Parmelee's Vegetable Pills is recommended, should the sufferer be unacquainted with them. The trial will be inexpensive and the result will be another customer for this excellent medicine. So effective is their action that many cures can certainly be traced to their use where other pills have proved ineffective.

A woman first sheds a few tears and then proceeds to open the telegram with a hairpin.

Nearly all children are subject to worms, and many are born with them. Spare them suffering by using Mother Graves' Worm Exterminator, the best remedy of the kind that can be had.

The average man thinks his bump of generosity is at least three times as large as it actually is.

Send for free sample to Dept. N.U., National Drug & Chemical Co., Toronto.

W. N. U., No. 764

MIND OVER MATTER.

The Power of the Spirit in Helping to Retain Life.

The power of the mind over the body, as demonstrated in all forms of faith healing, was recognized in the seventeenth century by Richelleau's physician, Citois. Summoned to attend his master's constant fits of depression, Citois would solemnly call for a sheet of paper on which to write a prescription, and almost invariably after his departure the prescription would prove to consist of the words "One dram of Boisrobert," Boisrobert being a poet of small talent, but possessed of high spirits and wit. In those days, when the common remedy was bleeding, when it is known that Voltaire, the poet, was bled to death and the Princess of Conti, suffering from apoplexy, was beaten till she died in the hope of rousing her from her lethargy, it is no wonder that a humane and a human physician like Citois should have been successful.

The famous frequenter of the French salons, Fontenelle, is, however, the best example of the power of the spirit in retaining life. At the age of ninety-five he fell when picking up a lady's handkerchief and made the historic remark, "Ah, que je n'ai pas encore mes quatre-vingts ans." A certain callousness marked his determination not to die, as on the occasion when, a friend dying beside him at the table, he requested his man to remove him and continued his conversation. He managed, nevertheless, to survive to within a month of his hundred years and then complained that he would have lasted much longer had not the outbreak of war "put a stop to pleasant conversation."—London Chronicle.

THE CUP THAT CHEERS.

Tea Flowers and the Way They Are Gathered in China.

Early writers speak of tea as having two varieties. One, *Thea bohea*, they supposed to be the source of the black and the other, *Thea viridis*, of the green tea. But Robert Fortune established the fact in 1843 that, while these two varieties existed, black and green were made indifferently from both.

The tea flower is small, single, white and has no smell. The seeds are three small nuts, like filberts, and have an oily and bitter taste. The leaves only are used. Only the young leaves are gathered, and the younger and tenderer they are the better. They are collected when the plant is three years old, the process being continued year after year until the bush becomes weak and diseased, when it is pulled up to give place to a new shoot.

In China there are about three crops annually, the first being gathered as soon as the leaves break in the spring, April to May, and the latter as new "flushes" (bud) are made by the plants which have been stripped of their earlier foliage, this harvest beginning in June or July and lasting as late as September or October. An almond eyed oriental, Lo Yu, the earliest Chinese writer, pronounces this eulogium on tea:

"It tempers the spirits and harmonizes the mind, dispels lassitude and relieves fatigue, awakens thought and prevents drowsiness, lightens and refreshes the body and clears the perceptive faculties."—New York World.

The Fox and the Hen.

A Fox, having crept into an out-house, looked up and down for something to eat and at last spied a Hen sitting upon a perch so high that he could by no means come to her. He therefore had recourse to an old stratagem. "Dear cousin," he said to her, "how do you do? I heard that you were ill and kept at home. I could not rest, therefore, till I had come to see you. Pray let me feel your pulse. Indeed, you do not look well at all." He was running on in this impudent manner when the Hen answered him from the roost: "Truly, dear Reynard, you are in the right. I was seldom in more danger than I am now. Pray excuse my coming down. I am sure I should catch my death." The Fox, finding himself foiled, made off and tried his luck elsewhere.—Aesop.

Self Evident.

One of the dangers of a little knowledge is that its possessor rarely estimates it at its true value. Ignorance, it has been said, bestows her choicest gifts on those who value her least.

A concealed undergraduate once said to his teacher that he feared he had rather a contempt for Plato.

"I am afraid, Mr. Johnson," replied the teacher, "that your contempt has not been bred by familiarity."

All He Saw.

"Of course you enjoyed the wonderful sunset from the hotel balcony?" "Why, yes, it seemed rather good. The effect of the huge bow of ribbons was decidedly novel, and the bunch of artificial red roses and pale green grapes wasn't half bad."

"What on earth are you talking about?"

"About a hat in front of me that hid the entire heavens."

Cure That Obstinate Sore

Where Ordinary Salves Fail Zam-Buk Successes.

Chronic sores which cause trouble by "breaking open," may be cured by Zam-Buk, as well as recent injuries and diseases. If you suffer from some old sore—hidden, perhaps, but none the less painful for that—don't daily apply nature's healing essences as provided in Zam-Buk. Mrs. I. E. Ashton, of 111 Vicker St., Fort William, tells how valuable Zam-Buk is as a family balm. She says:—"We first used Zam-Buk for cuts, bruises, etc., and found it so satisfactory that my husband started using it for a chronic sore. For a long time he had been bothered with an old sore on his leg, and had used various preparations, yet nothing had permanently cured it. He began applying Zam-Buk balm, and was very soon greatly surprised to notice a great improvement.

"It was only a matter of a short time before Zam-Buk had thoroughly cleansed the sore of all foul matter and healing commenced. It is now some months since the sore was completely closed, and there is no likelihood of it breaking out again.

"Since then my baby, eighteen months old, has been cured of eczema on the scalp by Zam-Buk. This eczema came in red pimples, and if rubbed or scratched, formed into sores. The child was very fretful from the irritation of the scalp, but whenever Zam-Buk was applied it seemed to bring the greatest relief. Frequent applications were effective in clearing all traces of the disease from the baby's scalp in a short space of time. I feel it my duty to give the credit where due, and I cheerfully recommend Zam-Buk to all sufferers from chronic sores, bad leg, or eczema."

Zam-Buk is Nature's own healing balm, being composed of pure herbal essences. It is a sure cure for eczema, ringworm, ulcers, cuts, burns, bruises, poisoned sores, chronic wounds, bad leg, festering sores, chapped hands, cold sores, frost-bite and all skin injuries and diseases. Drugists and stores everywhere sell at 50c. a box or post free for price from Zam-Buk Co., Toronto; 3 boxes \$1.25.

You are warned against harmful imitations represented to be "just as good."

"Darling," he said, "you are the only woman I ever loved, I swear it!"

"George," she rejoined, "you talk like an Arctic explorer."

Minard's Liniment for sale everywhere

"Who presented the count to you?" asked the privileged friend.

"No one," answered the heiress. "I bought him."

These Pills Cure Rheumatism.—To the many who suffer from rheumatism a trial of Parmelee's Vegetable Pills is recommended. They have pronounced action upon the liver and kidneys and by regulating the action of these organs act as an alternative in preventing the mixture of uric acid and blood that causes this painful disorder. They must be taken according to directions and used steadily and they will speedily give evidence of their beneficial effects.

"That's a well-bred child."

"You bet she is. Never corrects her parents publicly, no matter what the exigencies of the case may be."

A WELL-KNOWN MAN.

Minard's Liniment Co., Limited. Dear Sirs,—I can recommend your MINARD'S LINIMENT for Rheumatism and Sprains, as I have used it for both with excellent results.

Yours truly,

T. B. LAVERS,
St. John.

Tommy—"Pop, what is meant by the mother tongue?"

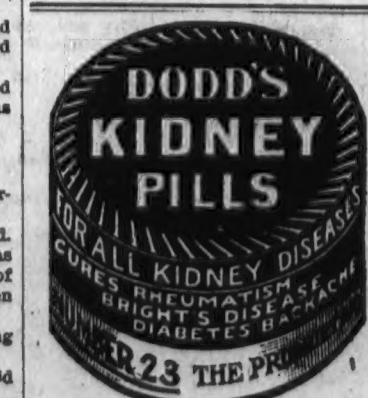

Tommy's Pop—"Sh-h-h, my boy. Don't get her started."

Impossible

Tom—Whirley must be making an awful lot of money.

Dick—I should say he is. I actually believe he is making more than his wife can spend.

LIFE AT BELLA COOLA.

British Columbia Town Is a Paradise For Fertility.

Bella Coola, B.C., is a paradise of fertility where man may live amidst scenic beauty in a veritable land of milk and honey at a minimum expenditure of the sweat of his brow. There the waters teem with fish and there venison, bear-meat and wild-fowl of all descriptions are easy spoil to the hunter and trapper.

It lies four hundred miles north of Vancouver by steamship, then sixty miles inland through Burke's Channel, from where the Channel touches tidewater. It is a valley, stretching far into the great ranch lands of the interior—a gateway into the latter, over "The Slide," one of the easiest passes through the heights. A new and easier grade in "The Slide," for pack-trains, has lately superseded the old one, made under the supervision of Mr. J. R. Morrison, to whose practical knowledge of and faith in the Ootza Lake district and surrounding country is largely due the revelling of its wonderful possibilities to the settlers that are pouring in.

Bella Coola is an old Hudson Bay trading post, and it has been for years a rendezvous for fur-traders of all nationalities; also the base of supply for the country within a radius of several hundred miles. And as the company, by its rectitude and fair-dealing, won and kept the confidence of the redman, who is ever the quickest to appreciate a "square deal," so has its late employee and present owner of the site and self-same store, and withal chief magistrate of the place, kept that confidence and gained an abiding influence over the morals of the Bella Coola and allied tribes by his strict integrity and uprightness during his forty-five years of residence amongst them.

The old wharf road extends for several miles to the cannery and it is joined by the bridge across the ravine to the Government trail, that cuts through the Indian Reserve at the foot of the valley. Fifteen years ago the road up the valley was built by the Norwegians, a colony of whom had received a Government grant of land and along with it enormous grants of money for road-making. Indeed, eighty-six thousand dollars have been so expended, of which only thirteen thousand have as yet been collected in taxes.

Fort William to Wabigoon.

In describing a trip over the National Transcontinental Railway Mr. T. St. Pierre writes in The Manitoba Free Press: "As Superior Junction is reached there are marked signs of an influx of population. Three hotels are open at the Junction itself, besides a couple of stores and a private bank. The floating population is around 200. Wako, two miles to the south, is also showing signs of becoming a prosperous village, it being now the head of navigation to Sturgeon Lake where gold mines are said to be plentiful. These mines are also within ten miles of the Transcontinental grade.

By no stretch of the imagination can the country extending northwest of Fort William to the Wabigoon river be classed as sterile. For long distances it is fairly level, well watered and bears every evidence of fertility. Only the forbidding appearance of the north shore of Lake Superior could have so long kept population away from these hundreds of thousands of acres of woodland. There is considerable variety in the character of the soil. Portions of the area are of red or light-colored clay, changing to clay loam. In other sections sandy loam and black loam are the prevailing characteristics. The subsoil is as a rule of a porous nature, which together with the rolling formation of the surface in most localities precludes the necessity of drainage, except low-lying land. Much of the country has been overrun with fire, making clearing comparatively easy. The success which has attended farming along the C.N.R. and C.P.R., where it has been attempted, bespeaks the future of the Hinterland, where the climate is better owing to the absence of the fierce blasts from the Great Lakes.

An Ancient Debt.

Mr. Francis Beale, 399 King street east, Toronto, has a considerable amount of money coming to him. Some time ago he appeared before the Board of Control and claimed that in 1864 he paid \$39.40 more on the sewer rates than was necessary. The matter went to the city treasurer's office, and it was discovered that the claim was sound, and that Mr. Beale was entitled to the rebate. The Board of control promptly ordered the amount paid.

Then Controller Geary introduced the subject of interest. "That money has been idle, so far as Mr. Beale is concerned, and I think he should get interest."

The board concurred in this, and it was ordered that the treasurer's department should compute the interest, legally compounded and pay the amount to the old gentleman. As this will bring the sum into the hundreds, Mr. Beale was lucky to have overpaid his account before Confederation.

Well Done.

If a thing is worth doing it is worth doing well. So all of the great poets and philosophers tell.

Now, just jog your mem'ry And upon the past dwell. Whenever you've been done, sir, Haven't you been done well?

—Boston Herald.

14k. GOLD BROOCH

\$5.00

THIS Brooch is beautifully made in heavy 14k. gold. The pearls in the Maple Leaf are of very fine quality.

It is enclosed in a handsome velvet lined case—and is sent post-paid to any address in Canada—except the Yukon—upon receipt of \$5.00—order by the number 308.
